R. B. MASON, Superintendent. *Bridgeport, Jan. 7, 1841.* 32

**Moffat's Life Pills and Phosphoric Bitters.** THE perfectly safe, unerring, and successful treatment of almost every species of disease by the use of *Moffat's Life Medicines*, is no longer a matter of doubt, as a reference to the experience of many thousands of patients will satisfactorily prove. During the present month alone, nearly 100 cases have come to the knowledge of Mr. Moffat, where the patient has, to all appearance, effected a permanent cure by the exclusive and judicious use of the *Life Medicines*—some eight or ten of these had been considered beyond all hope by their medical attendants. Such happy results are a source of great pleasure to Mr. M. and inspire him with new confidence to recommend the use of his medicines to his fellow citizens.

The *Life Medicines* are a purely vegetable preparation. They are mild and pleasant in their operation, and at the same time thoroughly acting rapidly upon the secretions of the system—carrying off all acrimony, removing humors, and assimilating with and purifying the blood. For this reason, in aggravated cases of Dyspepsia, the *Life Medicines* will give relief in a shorter space of time than any other preparation. In Fever and Ague, Inflammatory Rheumatism, Fevers of every description, Sick Headache, Heartburn, Dizziness in the head, Pains in the chest, Flatulency, impaired appetite, and in every disease arising from an impurity of the blood, or a disordered state of the stomach, the use of these medicines has always proved to be beyond doubt, greatly superior to any other mode of treatment.

All that Mr. Moffat asks of his patients is to be particular in taking them strictly according to the directions. It is not by a newspaper notice, or by any thing that he himself may say in their favor, that he hopes to gain credit. It is alone by the results of a fair trial. In the reader an invalid, and does he wish to know whether the *Life Medicines* will suit his own case? If so, let him call or send to Mr. Moffat's agents in this place, and procure a copy of the *Medical Manual*, designed as a Domestic Guide to Health, published gratuitously. He will there find enumerated very many extraordinary cases of cure; and perhaps some exactly similar to his own. *Moffat's Medical Office in New-York, 375 Broadway.*

### Moffat's Vegetable Life Medicines.

THESE medicines are indebted for their name to their manifest and sensible action in purifying the springs and channels of life, and ending them with renewed tone and vigor. In many hundred certified cases which have been made public, and in almost every species of disease to which the human frame is liable, the *Vegetable Life Medicines* have been gratefully and publicly acknowledged by the persons benefited, and who were previously unacquainted with the beautiful philosophical principles upon which they are compounded, and upon which they consequently act.

The *Life Medicines* recommend themselves in diseases of every form and description. Their first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling around them; and to remove the hardened feces which collect in the convolutions of the small intestine. Other medicines only partially cleanse these, and leave such collected masses behind as to produce habitual constiveness, with all its train of evils, or sudden diarrhoea, with its imminent dangers. This fact is well known to all regular anatomists, who examine the human bowels after death; and hence the rejection of those well informed men against quack medicines—or medicines prepared and heralded to the public by ignorant persons. The second effect of the *Life Medicines* is to cleanse the kidneys and the bladder, and by this means, the liver and the healthful action of the urinary organs. The blood, which takes its red color from the agency of the liver and the lungs before it passes into the heart, being impurified by *Life Medicines*, courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the bloom of youth.

*Moffat's Vegetable Life Medicines* have been thoroughly tested, and pronounced a sovereign remedy for Dyspepsia, Flatulency, Palpitation of the Heart, Loss of Appetite, Heartburn and Headache, Restlessness, Ill-temper, Anxiety, Langueur, and Melancholy, Constiveness, Diarrhoea, Cholera, Fevers of all kinds, Rheumatism, Gout, Dropsies of all kinds, Gravel, Worms, Asthma and Consumption, Scourvy, Ulcers, Invervate Sores, Scorbatic Eruptions and Bad Complexions, Eruptive Complaints, Sallow, Cloudy, and other disagreeable Complexions, Salt Rheum, Erysipelas, Common Cold and Influenza, and various other complaints which afflict the human frame. In Fever and Ague, particularly, the *Life Medicines* have been most eminently successful; so much so, that in the fever and ague districts, Physicians almost universally prescribe them.

All that Mr. Moffat requires of his patient is to be particular in taking the *Life Medicines* strictly according to the directions. It is not by a newspaper notice, or by any thing that he himself may say in their favor, that he hopes to gain credit. It is alone by the results of a fair trial.

### A PROPHECY!!

Ten years from this time no man will think of using other remedies, when sickness assails his frame, than those which cleanse and purify.

THE BRANDRETH PILLS cleanse and purify, and cannot injure. The weak become strong while they are used. We may use bark or any 'tonic,' what is the effect? They bind the bowels, the 'four humors,' in the body, which ultimately become so great in quantity, that apoplexy or paralysis is the result; the patient then finds too late his mistake. How different are the consequences when the simple method of purifying the body with Brandreth's Pills is adopted.

Experience, that touchstone of all human knowledge, has proved beyond doubt that this celebrated medicine and the human body are naturally adapted one for the other; by their aid the whole mass of the fluids, and even the solids, (for are not the solids made and renewed?) can be entirely evacuated, altered, and completely regenerated, and in a manner so simple as to give every day ease and pleasure.

The fact is, that hundreds of thousands have been cured of the most inveterate diseases by the use of these Pills alone. It is well to remember the diseases by name. Let the afflicted with any pain, whether of internal or external origin, give this medicine one or two weeks' trial—there will be no necessity for any further persuasion afterwards; he is sure to continue until a perfect cure is effected; which will be generally much sooner than could be expected.

Brandreth's Pills are no less a cure than a prevention of disease. When we feel dull, pain in the head, back, or side, weary on the least exertion—it is then we ought to take a dose of these Pills. This will always have a good effect, because it is impossible for pain to be in the body without the presence of those humors which produce it; and it is only by their being forced out with purging, that health can be restored.

Let me now recommend two things—never be led, and never go to a Druggist's for Brandreth's Pills.—The first weakens the principle of life, and long keeps the blessing of health from the body. And the last, to purchase a Pill called BRANDRETH'S of a Druggist, is to insure the purchaser a base counterfeit, entirely incapable of producing the beneficial results of the genuine Medicine, to insure that it must be purchased of one of the undermentioned offices, which are for its exclusive sale, or of the agents duly appointed by me, and who hold a regular certificate of agency, which is renewed yearly. There is an Agent with one of these certificates in every town of the United States. Those purchasing at wholesale, must remember that all my travellers have a power of Attorney, regularly proved to be my act, before the clerk of the county of N. York.

241 Broadway is my Principal Office. 276 Bowery, and 187 Hudson, and 175 Second street, are also my offices, kept exclusively for the sale of this invaluable medicine.

B. BRANDRETH, M. D. Agent for Litchfield, Joshua Garritt. *Feb. 11.* 6m27

### NOTICE.

WE the subscribers having been by the Hon. the Superior Court for Litchfield County, held on the 11th day of February, 1841, appointed Commissioners on the estate of TRUMAN KILBOURN, of Litchfield, in said county, who by said Court was adjudged to be an insolvent debtor within the meaning of the act entitled "an act to authorize the Superior Court to grant relief in certain cases of insolvency," hereby give notice that said Kilboorn has this day assigned to us as such Commissioners certain property—

and that we will meet for the purpose of receiving, adjusting and ascertaining the several debts due and owing by said Kilboorn, and for the purpose of discharging our duties as such Commissioners, at the office of Origen S. Seymour, in said town of Litchfield, on the first Monday of May, 1841, and on the first Monday of June, 1841, and on the 18th day of September, 1841, at nine o'clock in the forenoon of each of said days.

OZIAS LEWIS, Comptroller. JASON WHITING, Commissioners. *Litchfield, March 10, 1841.* 42

At a Court of Probate holden at Sharon, within and for the District of Sharon, on the 9th day of March, A. D. 1841:

Present, Charles F. Sedgwick, Esq. Judge. UPON the petition of David C. Perry, of New-Fairfield, in the county of Fairfield, shewing to this court that he is guardian of Edward Perry, Cornelius Perry, and Frederick Perry, of Sharon, within said district, minors; that said minors are the owners of real estate situated in said Sharon, viz. three eighth parts of a certain piece of land near the meeting house in said Sharon, bounded north, east, and west on highway, and south on land of John Cotton Smith and Ansel Sterling, Esq., containing about forty acres—also, about eleven acres of land at a place called Bug Meadow, in said Sharon, adjoining the lands of John Williams, Abby Lowrey, and Lowell W. Chapman, valued at about seven hundred dollars; that it would be for the interest of said minors that said real estate should be sold, and the avails thereof vested for the benefit of said minors according to law, praying for liberty to sell said property for the purpose aforesaid, as per petition on file:

It is ordered by this court, that said guardian give notice of said application, by causing the same to be published in one of the newspapers printed in Litchfield, in the county of Litchfield, three weeks successively, at least six weeks before the hearing; and that said petition will be heard at the probate office in said district on the 29th day of May next, at 10 o'clock A. M. Certified from Record. 42

## COUGHS, COLDS,

### And all Diseases of the Lungs.

THE VEGETABLE PULMONARY BALSAM is believed to be deservedly the most popular Medicine ever known in America, for coughs, colds, asthma or phthisis, consumption, whooping cough, and Pulmonary affections of every kind.

The Vegetable Pulmonary Balsam has been very extensively used for about twelve years; and its reputation has been constantly increasing. So universally popular has this article become, that it may now be considered as a standard article in a large part of the United States and the British Provinces. Many families keep it constantly in their houses, considering it the most useful as well as a certain remedy for the above complaints. The Proprietors have received, and are receiving numerous recommendations from many of our best Physicians, who make use of it in their practice. The names of a few individuals who have given their testimony in favor of this article are here subjoined, and for a more full account see the envelope to the bottle.

Dr. Amory Hunting, Dr. Samuel Morrill, "Tumam Ahal, "Timothy Baylies, "Wm. Brown, "Elihu Smith, "Wm. Perry, "Albert Guild.

### AN INTERESTING CASE.

Extract of a letter from Mr. C. S. Clay, Kingston, Ulster county, N. Y., to the proprietors: Yours of the 9th inst. was duly received. A remarkable cure was effected by the Vegetable Pulmonary Balsam, used the Winter and Spring of 1839. The person, Mr. Moody, had been sick a long time with the consumption. His physician had given him up. He was reduced so low as to be unable to help himself, and was raising a large quantity of blood, when he commenced using the Balsam, which effected a complete cure. He is now as hale and hearty as ever he was. Mr. Moody has removed from this town, but he has promised me a more detailed account of his case, which I will forward you.

C. S. CLAY. Kingston, N. Y. June 25, 1838.

In the winter of 1837 and 1838, I was seized with a violent cough, which continued two or three months. My cough was so severe that I was obliged to sit up in bed two or three hours during the night, and I was much reduced in flesh and strength, and my appetite gone. One of my neighbors, a hale and hearty man, gave me a bottle of the Vegetable Pulmonary Balsam, which he would not sell. He however loaned it to me till I could procure him another. I experienced immediate relief from it. The first opportunity I had I procured more of it, and to the use of it I ascribe the preservation of my life. Dec. 17, 1838. JAS. W. LENOX.

COUNTERFEITS. BEWARE OF IMITATION! Each genuine bottle is enclosed in a blue wrapper, on which is a label, signed by SAMUEL REED. NONE OTHER CAN BE GENUINE.

The outside yellow label will have, on and after December 1839, in addition to that of Sampson Reed, the signature of Wm. JOHN CUTLER, one of his partners.

The great celebrity of the Vegetable Pulmonary Balsam has been the cause of attempts to introduce spurious articles, which, by partially assuming the name of the genuine, are calculated to mislead and deceive the public. Among these mixtures are the "American Pulmonary Balsam," "Vegetable Pulmonary Balsam Syrup," "Pulmonary Balsam," "Carter's Compound Pulmonary Balsam," and others. Purchasers should inquire for the true article by its whole name—THE VEGETABLE PULMONARY BALSAM, and see that it has the marks and signature of the genuine.

Each bottle and seal is stamped "Vegetable Pulmonary Balsam."

ONE MORE CAUTION, besides the "American Pulmonary Balsam," and others above alluded to.—An attempt has been made to deceive the public by a spurious mixture called "Vegetable Pulmonary Balsam," sometimes signed Samuel Lee and sometimes Sampson Lee—said to be prepared by an unprincipled man in Bangor, Me. The name is written in a way to resemble the genuine signature, and is a most foul attempt to deceive the public and avoid the punishment that awaits a counterfeiter.

For sale by REED, WINE, & CUTLER, (late Lowe & Reed,) wholesale dealers in Drugs, Medicines, Paints and Dye Stuffs, No. 54 Chatham Street, Boston, and New England, and the principal places throughout the U. States and British Provinces. Price 50 cents.

For sale at the Apothecary Store of Dr. G. Beckwith, Litchfield. 1y34 Nov. 12.

### INSURANCE COMPANY.

THIS Company has been in operation a considerable time, and has insured property to a very large amount. It has funds on hand, and property pledged, sufficient to indemnify those who insure against any loss which will probably take place. The difference between the expense of insuring in this company and in ordinary insurance companies, is now too well understood to need any explanation. Individuals in this county, who choose to insure their property at a trifling expense, can apply to the Secretary in the Village of Litchfield, or to the agents in the several towns.
